MENTORING FOR SUCCESS PROGRAM DESCRIPTION

Mission: Each Mentor will work to build a committed and trusted relationship with parents to provide support, assist parents in accessing community resources, and help them achieve greater financial stability and self-reliance to strengthen their family.

Our Goal is to:

- ❖ Help parents achieve financial stability and self-reliance.
- ❖ Introduce & re-establish strength based support networks.
- ❖ Help parents to improve their education &/or job skills.

An ideal Mentor will be one who can be non-judgmental and offer a minimum of one hour a week to work together with the parent(s) guiding and supporting them in the following areas:

- **Financial Stability:** Providing assistance and resources to increase earning potential and learn financial strategies such as budgeting and money management.
- **Social Connection:** Helping parents develop social supports.
- **Hands on Assistance:** Accessing available benefits and resources (such as budgeting, food banks, free tax filing, etc.) and assisting parents in obtaining access to other community resources as needed.
- **Friendly Visitation:** Offering a supportive relationship in the spirit of “families helping families.”

Mentors Will Receive Training (2 Evenings or 1 Full Day)

- ❖ Professional Boundaries, Ethics, and Personal Safety
- ❖ Confidentiality
- ❖ Family Engagement and a Plan for Success

Mentors will work in partnership with the family to develop a plan to assist them as they become more financially stable and self-reliant. The Mentor will be assigned based on the family's needs and match preferences identified by the Mentor.
